

STOCKS MOVE UPWARD: SOME HIT HIGH FOR

THOUSANDS HAD PLEASANT TIME AT LOWELL PARK

Thursday's Picnic Biggest Event Of Kind In Dixon History

The Rock River Valley picnic sponsored by the Dixon Loyalty League at Lowell Park yesterday, brought out one of the largest crowds that has ever been assembled in the vicinity of Dixon. It was estimated that the crowd numbered 25,000 and an accurate count of the cars leaving the park between 4 and 6 o'clock last evening numbered more than 2,000. The success of event far exceeded the expectations of the general committee and the program was carried out without a hitch. The day was ideal for an outdoor outing and the thousands from all sections of this vicinity began arriving early in the morning and remained until the program was completed, many staying for a picnic supper.

Every committee was taxed to the limit in caring for the immense crowd and many were the expressions that the picnic should become an annual event. Every contest brought forth a large entry list and these were witnessed by crowds that taxed the space allowed.

Wedding Feature
The public marriage was the feature event on the afternoon program. Dr. Gilbert Stansell, pastor of the First Methodist church, united the lives of Miss Martha Acker and Reed Overton before the huge crowd. The Dixon Civic band, under the direction of Charles B. Price, rendered Lohengrin's wedding march as the couple and their attendants were brought to the huge platform in two automobiles and took positions before a bower of ferns, palms and cut flowers. During the single ring ceremony, Ralph and Ruth Grimes on the xylophone and violin played "I Love You Truly." The couple were attended by Mr. and Mrs. Walter Acker. The principals and attendants reside in the vicinity of West Brooklyn and following the ceremony were presented with handsome bed room suite by the Mellett Furniture Co. of this city. They departed on a brief wedding trip after which they will make their home temporarily with the bride's mother, Mrs. Bessie Acker, on a farm near West Brooklyn.

Children Were Fed
At the noon hour, more than a hundred children and several adults were provided with a sumptuous dinner by those who attended the outing and brought sufficient food to provide for the less fortunate ones as requested by the general committee. The principal events of the day were viewed from a huge platform and these were carried through the grounds by the public speaking system provided by Chester Barriage. The band concert and solo numbers were generously applauded and brought many encores. Robert Fulmer and Eugene Lebre were accompanied by the Dixon Civic band in vocal choruses and the Grimes presented xylophone numbers. The band was generously applauded for their fine concert which preceded the general program of activities. The thousands of children and grown ups enjoyed the liberal lunches and confections donated by the Dixon independent merchants and jobbers. Practically every available space assigned to the parking of cars was filled long before the program began. Special parking officers working under the direction of George Neitz, general chairman handled this department and through their direction, accidents were averted.

But One Speaker
Winfield H. Caslow, the Main Street Crusader, who has appeared in Dixon on previous occasions, was the only speaker of the day and his talk dealt with "America's Last Stand," in which the speaker said in part:
"During the past eleven years this country has been suffering from the greatest wave of selfishness and greed in its entire history and such a condition of affairs cannot continue for another four years. Our government represents the pinnacle of human justice, but the administration of that government has been rotten.
"If this were a Democratic administration, this thing which has been termed depression, but which has been called a panic, but under the Republican rule it is a depression. One word does justice to this condition and that is decay. It is present in every part of the country—a progressive decay. Conditions speak of one thing only and that is decay and these conditions that prevail today would have been intolerable in the pioneer life of our country.
"Business and money do not make prosperity. Under conditions where there is no prospect without profit, no business can prosper. Business cannot send profits away and keep prosperity at home. If the profits are distributed to only a few, then prosperity is enjoyed by only a few. Prosperity must belong to the people. It has been the foundation of this great nation here today of friends and neighbors of this

Ex-Governor Will Speak At Oregon Monday

HON. LEN SMALL

Former Governor of Illinois and Republican candidate for that office, will be the big attraction at the opening of the Ogle County Fair at Oregon Monday, Labor Day. Mr. Small will deliver an address at the fair grounds at 1 o'clock in the afternoon and many from Dixon will doubtless motor to the Ogle county seat to greet him and hear him.

YOUTH KILLED BROTHER, GIRL OVER YEAR AGO

Ohio Man Confesses To Baffling Crime Of May 30th, 1931

Lima, O., Sept. 2.—(AP)—One of the most baffling crimes in Ohio history, the "quarry murders" of Earl Treadwell, 20, and his sweetheart, Thelma Woods, 19, was solved today, police said, by the alleged confession of Loren Ellsworth Treadwell, Earl's 23-year-old brother.

The elder brother was arrested by private detectives last night, and gave the alleged confession of the officers said, in the presence of his mother and father. Jealousy caused by rivalry in love was described as the motive.

The younger Treadwell and Miss Woods were slain the evening of Memorial Day, 1931. Their bodies, weighted with stones, were found several days later in an abandoned water-filled stone quarry at the outskirts of this city.

Told Of Crime
Loren's confession, the officers said, told of meeting Earl and Miss Woods in downtown Lima the night of the crime. They bought some liquor, the confession said, and then drove to the quarry.

There, the brothers argued about the girl, and Loren got a hammer and struck Earl on the head. "He had taken several girls away from me," Loren was quoted as explaining.

Leaving the younger brother dying, Loren returned to the girl, and when he told her what he had done she threatened to report him. The confession said he then struck her with the hammer, and attempted to conceal the killings by sinking the bodies in the quarry.

Loren's confession said, he had not worried over the killings, but had been prepared to confess if anyone else had been convicted of the crime.

Mrs. Nate Becker Died This Morning

Dixon and Amboy friends will be grieved to learn of the death early this morning of a former Dixon and Amboy lady, Mrs. Nathan Becker. Mr. Becker arrived in Dixon today at noon to make arrangements for the funeral Monday. The funeral services for Mrs. Nathan Becker, formerly Miss Lavell of Amboy, will be held at 8 o'clock Monday morning at St. Joseph's Catholic church in Chicago and then the funeral cortege will motor overland to Dixon, arriving here at 12 o'clock with burial in Oakwood and funeral services at the grave. After their marriage, Mr. and Mrs. Becker lived here for some time, later moving to Chicago where they have since resided. They both made many friends here who mourn the passing of Mrs. Becker, who was a most lovable character.

U. S. RETAINS CUP

Brookline, Mass., Sept. 2.—(AP)—The United States today clinched the Walker Cup, British-American golf trophy, as Captain Francis Ouimet helmed his 36-hole singles match with Tony Torrance, British leader, after six successive victories in the two-day competition for the home forces. It was the seventh straight triumph in the international series for the Americans in ten years.

The heaviest rainfall in Los Angeles since 1894, when more than 33 inches of rain fell.

UTILITIES, RAILS AND STEELS MAKE BIG GAINS TODAY

Bulls Convinced Labor Day May Mark Turning Point

New York, Sept. 2.—(AP)—One of the most comprehensive buying movements in the past fortnight developed in the Stock Exchange today.

Trading was in moderate volume, but the list moved steadily forward, several issues reaching new highs for the year. Renewed strength in cotton, which pushed up about \$2 a bale, and improvement in the recently reactionary bond market, were evidently stimulating to the market for shares.

Steels, rails and utilities were particularly strong. U. S. Steel common advanced \$2.25 to a new high for the recovery above \$49 a share. Gulf States Steel advanced \$4 to above \$18, a new high for the year, and other steel shares, including Bethlehem, Republic, Youngstown Sheet & Tube, and National Steel were up \$1 or more. American Telephone advanced \$3 to close to \$118 a share, and Public Service of N. J. more than \$2 to around \$53. In the rails, the eastern anthracite carrier issues were again buoyant. Lackawanna rose more than \$4 to a new 1932 high at \$45, and Reading advanced \$6 to close at \$52.

Expect Turning Point
Other strong spots included Illinois Central up \$3 to about \$23 a new high for the year and Santa Fe, up \$3 to above \$60.

Many traders had already left town or the week end and Bulls who were convinced that Labor Day might mark an important turning point in general business activity evidently had the market largely to themselves.

Firmness of steel scrap prices in the Youngstown area, reports of quickening steel operations in the Birmingham area, and a news ticker estimate that operations in the Youngstown district would be doubled next week, contributed to extraordinary broad forward movement in the steel issues.

The week end merchant reviews contributed to the bullishness, depicting further seasonal improvement in wholesale trade, and continued to spread optimism.

France To Consult With Uncle Samuel

Paris, Sept. 2.—(AP)—Confirmation that France will consult not only co-signatories of the Treaty of Versailles regarding Germany's armaments memorandum, but also the American government, was furnished today in official quarters.

It was explained that the essential juridical reason for military, naval and air clauses contained in the Versailles treaty which the United States never ratified are embodied in the separate peace treaty which the United States negotiated with Germany in 1921. America derives all rights and advantages emanating from that part of the Versailles document.

After denying a report that the cabinet yesterday had rejected the German memorandum, an official spokesman said that France would, calmly and without haste, examine the German initiative in complete co-operation with other powers, including the United States.

Appeal Made To Local Motorists
The management of the Dixon steps of about thirty local motorists who will use their cars to take children from the institution to the circus and back home on Monday. Institution cars will take care of most of the patients who will be allowed to attend the circus but about 30 more are needed. It is said, at least to report at the hospital by 12:15 to take the youngsters to the show grounds. If any can not wait to take the children back to the institution other cars can make several trips at that time. Kind-hearted citizens who wish to aid in giving the unfortunate wards of the state an afternoon of pleasure by using their cars for that purpose are asked to call the hospital tomorrow.

Offer Milk For Very Low Price

The Standard and Coss dairies of this city today arranged with the managers of the City Dudes and Risley's Terrors soft ball teams to furnish the milk to the needy children of Dixon at a very low price. The two teams will play for the championship soft ball title of Dixon in a series of three games to be played at the Independent field next week. The first game will be played Tuesday evening, the second on Wednesday and in the event that a third game is necessary it will be played Friday evening. The proceeds from the sale of tickets is to be donated to a fund which will be used to purchase milk for worthy and needy children of Dixon.

Mrs. John Yetter Of Steward Dead

Mrs. John Yetter, Sr., formerly of Steward, who has been living in Chicago, passed away yesterday in Chicago at 2 o'clock, after a long illness.

The funeral will be held Saturday afternoon in Steward at 1:30 o'clock.

"WOMEN FOLKS" SPURT TO DIXON CHAMPION

From happy smile on face of Lois Sheffield as she kisses her father, Arthur E. Sheffield, Dixon postal clerk, for winning the Grand American Handicap at Vandalia, O., it appears she has something in mind for part of the \$11,000 prize money. Sheffield, discouraged by many failures, was induced by Lois and his wife to compete.

He had decided that he could not afford to compete again this year—only his wife and daughter, Lois, urged him to "try once more." So his vacation was arranged, and he took the "women folks" along for moral support.

Daughter Confident
Standing on the 21-yard line, he broke 98 out of 100 targets under the worst possible weather conditions.

Lois says that she knew from the first her father was going to win. The marksman himself says he was everything else but certain. He knew the uncertainty of the sport, for there were nine former champions among the entries, not one of whom has held the crown twice.

Grand American handicap kings have never repeated. "Things did not start auspiciously. All week long the postal clerk stood with the rest and fired away in other events and not once was "in the money."

But the Grand American event was called, and at the end of the first 25 targets Sheffield was bunched with 26 others as having broken all targets.

The weatherman then took a hand, sending a downpour that obscured the clays.

PEACE REIGNED IN FARM STRIKE SECTORS TODAY

"Holiday" Leaders To Await Conference Of Governors
Cherokee, Iowa, Sept. 2.—(AP)—Farmers' holiday adherents who previously declared they would stay on highways near here until details of a mysterious shooting affair in which 14 pickets were wounded were settled, today were leaving for their homes.

Where yesterday there were about 300 or 400 holiday workers at outposts, this morning there were between 100 and 200, and the situation was described as being quiet.

Des Moines, Iowa, Sept. 2.—(AP)—Peace reigned along all fronts of the now suspended farm strike today, while leaders of the movement sought gubernatorial aid to further their fight for higher produce prices.

Proclamations from the Governors of Iowa, Nebraska, South Dakota and Minnesota, calling upon farmers to withhold their produce from the market, were suggested to the executives of the affected states by Woodbury county members of the Farmers' Holiday Association, who offered to withdraw their pickets from the highways if such action is taken.

Governors To Meet
The suggestion was made to Milo Reno, head of the Holiday Association, in a telegram, copies of which were sent to the Governors. Reno approved of the idea and said that the gubernatorial proclamations and withdrawal of pickets "would do a lot to prepare for the conference of Governors of midwest states September 9."

The Governors' conference which is scheduled to be held in Sioux City, Iowa, will seek means to settle differences between farmers and produce buyers over prices and bring the holiday movement to a conclusion. To date Governors Turner of Iowa, White of Ohio, Olson of Minnesota and Shaffer of North Dakota have indicated that they will attend or be represented at the meeting.

The strike situation was quiet last night with the exception of one arrest at Omaha in connection with picketing activities. A limited amount of picketing was reported from Sioux City, but at Des Moines and other points all the highways were cleared as a result of the recent decision of strike leaders to call a truce, pending the forthcoming Governors' meeting.

Mrs. John Yetter Of Steward Dead

Mrs. John Yetter, Sr., formerly of Steward, who has been living in Chicago, passed away yesterday in Chicago at 2 o'clock, after a long illness.

The funeral will be held Saturday afternoon in Steward at 1:30 o'clock.

SLAYER HANGED SELF: FOUR OF AIDS ARRESTED

Bootlegger Who Plotted Torture Killing Takes Own Life

Kilbourn, Wis., Sept. 2.—(AP)—Frank Tylus, Kenosha bootlegger, who confessed plotting the slaying of Robert A. Wilson, hanged himself in the Kilbourn city jail early today. Guards found him dead when they went to call him for breakfast.

After midnight Tylus was taken from the Columbia county jail at Portage, about which a curious crowd was milling, to the city jail here. Authorities said they wished to keep him apart from three others arrested on the basis of his confession.

Tylus tied a handkerchief about his neck, looped his belt through it and buckled the belt around a bar at the top of his cell.

BULLETIN
Kilbourn, Wis., Sept. 2.—(AP)—Frank Tylus, Kenosha bootlegger, who confessed plotting the slaying of Robert A. Wilson, hanged himself in the Kilbourn city jail early today. Guards found him dead when they went to call him for breakfast.

After midnight Tylus was taken from the Columbia county jail at Portage, about which a curious crowd was milling, to the city jail here. Authorities said they wished to keep him apart from three others arrested on the basis of his confession.

Tylus tied a handkerchief about his neck, looped his belt through it and buckled the belt around a bar at the top of his cell.

Portage, Wis., Sept. 2.—(AP)—The four men held in the slaying of Robert A. Wilson, Kenosha real estate operator, whose body was found in a shallow grave Wednesday on a farm near Lodi, Wis., occupied separate cells in the Columbia county jail today while District Attorney Ross Bennett prepared warrants on which they will be arraigned.

The prosecutor said the warrants would charge each man with first degree murder, and that a similar warrant would be issued for Victor Dominic, 37, who is being held at Sacramento, Calif.

The men held are William Coevelli, 35, Frank Cosentino, 32, and Frank Ninfuso, 24, all residents of Kenosha county.

More than two hundred persons were gathered at the railroad station here last night when officials arrived with the four prisoners. Tylus, on whose confession the others were arrested, had travelled on the same train as the other men but was kept apart from them. He was taken from the station to the jail in a separate automobile.

Tylus, officials said, had been the object of threats on the part of the other defendants who had warned him "to keep his mouth shut." The other three men held here have denied participation in the slaying which followed torture to make Wilson sign several promissory notes.

Tylus, officials said, admitted he plotted the slaying in order to obtain money with which to pay a \$1,600 liquor bill.

SENTENCES COMMUTED

Berlin, Germany, Sept. 2.—(AP)—The five fascists who were condemned to death at Beuthen last week on a charge of murdering a Communist during a political brawl, received a commutation to life imprisonment when the Federal Commissioner reviewed their case today.

306 BANDITS KILLED

Tokyo, Sept. 2.—(AP)—A Renzo (Japanese) News Agency dispatch reported today that 306 Chinese bandits had been killed in a two-hour battle with Japanese troops at Anta, a station on the Chinese Eastern Railway northwest of Harbin.

Refused to Crack

In the next event Sheffield missed a target and finished with a dozen others in a tie for second. He went back for the third event and scored hits on 25 straight targets to deadlock with one other for the lead.

In trapshooting, as in golf, the strain is on the leader. But Sheffield banged away steadily. He dropped only one target and finished the series one clay better than a sextet of marksmen.

Sheffield, who says he shoots "just for fun," took up the sports in 1912.

MONOPLANES IN AIR RACE LOCK WINGS, CRASHED

Extent Of Injuries To Two Pilots Not Immediately Learned

Cleveland Airport, Ohio, Sept. 2.—(AP)—Two monoplanes piloted by Paul S. Bloom of Liverpool, Iowa and William A. Warrick Jr. of Cleveland, collided after rounding the pylon in the second lap of an amateurs' race today.

Both pilots were taken to a hospital and the seriousness of their injuries could not be ascertained immediately.

Both planes were demolished. The wings of the two monoplanes locked together as they started to straighten out after rounding the pylon at the south end of the course.

The ships did not catch fire. The racers were not more than fifty feet from the ground when they suddenly hurtled to the earth.

The race was a 21-mile event for planes of a speed of 125 miles an hour piloted by amateurs. The other contestants continued to round the pylons.

AFTER SPEED RECORD

Cleveland, Sept. 2.—(AP)—America's fastest racing pilots were more confident than ever today, that the world's land-plane speed record will be broken before the National Air Races end Monday.

A large part of their encouragement came from a spectacular performance yesterday by Major James H. Doolittle. Flying a stubby, high-powered monoplane, the major made one dash over a three-kilometer course, at a speed of 301.106 miles an hour.

Although the world's record, made by the late Adol. Bennett of France is only 278.47 miles an hour, Doolittle was not credited with breaking it, because his 301-mile speed was partly due to a tail wind.

On four laps, two with the wind and to against it, Doolittle averaged 282.672 miles an hour. His slowest time was 261.8334.

The previous day, Doolittle used another propeller and made an unofficial time of 293 miles an hour, and that will be the one he will use for his next assault on the record.

Capt. Roscoe Turner, who averaged 261.414 in an attempt at the record yesterday, also probably will try again before the race meet closes.

EDUCATOR DEAD

Unlontown, Pa., Sept. 2.—(AP)—George William Greenwood, 57, first American student at Oxford, was found dead at his desk yesterday.

He was an educator and writer, had served as instructor of mathematics at McKendree College, Lebanon, Ill., and Roanoke College, Virginia, was a personal friend of Cecil Rhodes who established the scholarship foundation and had published books on astronomy and mathematics.

Didn't Raise His Boys To Be Actors On Screen

Los Angeles, Sept. 2.—(AP)—The fight of Charles Chaplin, film comedian, to keep his children out of motion pictures, ended successfully today, halting the plans of his former wife, Lita Grey Chaplin, actress.

Superior Judge H. Parker Wood, after hearing arguments made by Chaplin's attorneys which asked insertion of a clause in the divorce of the couple prohibiting either parent from allowing the children to work sustained the motion.

Mrs. Chaplin had been brought into court by her former husband after she had announced plans to allow the children, Charles Spencer and Sydney Earl, to appear in a motion picture. Chaplin, opposing the plans of the mother, said the children had been provided for amply and that he feared roles in films at an early age would be harmful to their characters.

Judge Wood, in ruling on the motion of Chaplin's attorneys today, specified that in the future the children could not be placed in commercial pursuits without the written consent of each parent or the consent and approval of the court.

The ruling superseded a temporary writ of injunction which attorneys for Mrs. Chaplin had obtained early in the week to halt taking of testimony.

ILLINOIS MINE WORKERS DROP OUT OF UNION

"Rank And File" Convention Moves To Set Up New Organization

Gillespie, Ill., Sept. 2.—(AP)—The "rank and file" convention of Illinois miners voted unanimously today to break with officers of the Illinois Miners' Union and the United Mine Workers of America and to set up a new union under provisional officers.

The action was taken on the recommendation of the policy committee headed by Byron Humphries of Springfield, which announced the miners intended "to immediately make plans to meet the Illinois coal operators for the resumption of work throughout the state under satisfactory arrangements."

While no definite action has been taken by the convention on wage scale negotiations, the miners are demanding their old scale of \$6.10 a day for diggers in mechanized mines and a tonnage rate of 91 cents for hand loaders of coal with concessions of the six-hour day and the five day week.

Repudiate Officers
"The miners of Illinois assembled in statewide convention and representing 33,000 miners of the state have definitely repudiated the Lewis-Walker forces," the policy committee declared.

Dixon Youth Held On Larceny Charge

Blackburn, Sept. 2.—(AP)—A report that tires and accessories were being stolen from automobiles parked on the grounds during the boxing program. Blackburn was said to have removed two tires from a sport roadster belonging to Kenneth Hayes of this city, which were recovered in an adjoining field. Blackburn was taken before Police Magistrate A. E. Simonson this morning where charges of larceny were preferred and he was held to the September grand jury.

Several deputies from the Sheriff's office patrolled the parking space during the program and three local youths who were reported to be starting on a program of siphoning gasoline from parked cars were halted in their operations.

BANK ROBBER CAUGHT

Chicago, Sept. 2.—(AP)—Anthony Gabezo, "Tough Tony" of the old Circus Cafe gang, was turned over to State's Attorney George D. Carberry of Kane county today to face a charge of robbing the State Bank of St. Charles. Carberry said eight witnesses would identify him as one of the robbers who took \$91,610 from the bank several weeks ago.

NYDEN SERIOUSLY ILL

Chicago, Ill., Sept. 2.—(AP)—Col. John A. Nyden, 64, State Architect in the administration of Governor Len Small, was seriously ill today at his Evanston home. He suffered a heart attack Friday.

Mushroom growers in southeastern Pennsylvania are cooperating in the crop marketing.

Lakes in the Irish Hills region of Michigan are two feet lower than their usual level because of lack of rainfall.

TREASURY WILL ANNOUNCE NEW FINANCE PLAN

Over One Billion Dollars Will Be Raised By The Department

Washington, Sept. 2.—(AP)—The Treasury Department is expected to announce early next week a big re-financing program variously estimated from \$1,000,000,000 to \$1,400,000,000.

The operation is made necessary through the maturing on September 15 of two short term obligations totalling \$712,504,500; possible requirement of \$250,000,000 for the reconstruction corporation; a possible \$200,000,000 for the optional public construction program in the Relief Act; \$100,000,000 for general expenses, and probably \$125,000,000 for the Home Loan Bank System.

What nature the re-financing will take cannot be ascertained at the Treasury. Secretary Mills is slated to return to Washington from New York after Labor Day to make known the plans. But it was reported in some quarters the operation would be a combination of long term and short term financing.

At present, the general fund deficit is \$395,981,000 and the balance \$343,380,000.

Meanwhile, the Treasury has received the first semi-annual repayment to the Federal Land Bank revolving fund. It amounted to \$100,880 and came from 10 of the 12 banks in the system.

The fund grows out of the \$125,000,000 emergency capital stock subscription Congress authorized in January to enable the banks to furnish the fiscal farm loan associations in granting loans to farm buyers.

It reflects a \$403,250 stock subscription by national farm loan associations and amounts to five per cent of the total loans they have made through the system from January 1 to June 30.

Two Republican candidates for office at the general election in November were visitors in Dixon yesterday and today. Leo E. Allen of Galena, seeking a seat in Congress, spent Thursday in Dixon at the picnic at Lowell Park; while Charles W. Vail, Clerk of the Supreme Court, who is seeking re-election, visited voters here today.

Rev. Barnett to Be HOME SATURDAY
Rev. and Mrs. James A. Barnett, who have been spending their vacation in the east expect to return home Saturday. Rev. Barnett will fill his pulpit at the Christian church both morning and evening Sunday. After spending more than two weeks visiting their daughter at Norfolk, Va., he and Mrs. Barnett are visiting many places of historical interest on their return trip.

French Lick, Ind., Sept. 2.—(AP)—Suspension of mortgage foreclosures until the Home Loan Banks begin operating was urged upon building and loan association officials today by Franklin W. Fort, chairman of the new system's directing board.

Addressing the fortieth annual convention of the United States Building & Loan League, Fort said the twelve Home Loan Banks would begin to function about October 15 and that thereafter, mortgage money will be available on sound loans which we are getting ready to grant.

"We hope that every building and loan association will suspend the foreclosure of mortgages, at least where there is the slightest possibility of hope for the mortgage," Fort said.

He added that Comptroller Pole of the currency has directed a suspension of foreclosures of mortgages by closed national banks and that most of the state banking authorities had pledged cooperation on a sixty-day moratorium movement instituted by the board.

Fort told the league convention that the Home Loan Bank "is the fulfillment of a long time dream of the President" and that "well founded and well run, it should last as long as our nation is a democracy."

Prohibition Will Be Debate Theme
Freepoint—Indications point to Freepoint entertaining an unusual gathering of visitors on Saturday, the date of the prohibition debate between Congressman William D. Upshaw and Colonel Ira L. Reeves, western manager for The Crusaders, who discuss the issues of the 18th Amendment at Taylor park, beginning promptly at two o'clock in the afternoon.

The early starting hour is made necessary through subsequent speaking engagements on the part of Congressman Upshaw, who is booked to address a morning audience in Cincinnati the day following, and who speaks again during Sunday afternoon in the same city.

The following awards for August were announced by the Dixon Loyalty League at noon today: Miss Geraldine Malach, Dixon, \$500 worth of groceries; Claude Daugherty, Dixon, \$25 worth of groceries, and Mrs. Elmer Love, Dixon, \$10 worth of drug accessories.

Young Democrats
The Young Men's Democratic League held its first meeting last evening at the city hall. James Ketchin was elected president, Edward McCormick of Harmon, vice president and Lloyd Phelps of this city, secretary. Plans for future meetings and speakers were made aside from the general business of the organization.

Candidates Here
Two Republican candidates for office at the general election in November were visitors in Dixon yesterday and today. Leo E. Allen of Galena, seeking a seat in Congress, spent Thursday in Dixon at the picnic at Lowell Park; while Charles W. Vail, Clerk of the Supreme Court, who is seeking re-election, visited voters here today.

Former Court Bailiff Held AS MURDERER
One of Four Arrested For Killing Of Elgin Citizen
Elgin, Ill., Sept. 2.—(AP)—A former bailiff in the Chicago Municipal Court, who was an unsuccessful candidate for the Democratic nomination for State Treasurer last April, was being held here today charged with being an accessory to the slaying of Herman Hotz, night manager of an Elgin ice cream company, who was killed in a holdup July 31.

Edward M. Ryan, was arrested in New York Tuesday as he and Harold McClellan of Elgin were about to board a boat bound for Europe. McClellan was also returned to Elgin and faces the same charges as Ryan.

The two were implicated in the slaying by two other men, Donald Skene and Henry Atkinson, who were arrested in Seattle, Wash., Skene and Atkinson are charged with the hold-up in which Hotz was slain and Skene, the state charges, fired the shot that killed Hotz.

State's Attorney George D. Carbery said Skene and Atkinson claimed Ryan furnished the pistol used in the hold-up and slaying. They also confessed, he said, that Ryan drove Atkinson to Madison, Wis., when the latter fled after the killing.

The State's Attorney said the four men were members of a robbery gang that had committed a number of hold-ups in Kane county.

THOUSANDS HAD PLEASANT TIME AT LOWELL PARK

(Continued From Page 1)

community. If the waters of this beautiful Rock river were to be converted suddenly or even gradually into another channel, how long would the turbines at your hydro plant turn? This same application can be made to the business of Dixon.

"Chain mergerism strangles the Democratic distribution of profits and it is easy for this group to argue efficiency and economy. Elimination of the middle man is another great claim of this group which policy needs to be investigated. All humanity is the consumer and Almighty God is the producer—then who is the middle man? The American public is the middle man, we are all middle men and in this wave of economic suicide we are eliminating ourselves."

"Economy is another far flung claim of the chain merger system. Dixon is in splendid condition compared to practically every other city of the county where I have observed conditions. I noted this condition as I walked through the streets today. Your city and community is in excellent condition—yet, here today children were taken by families and fed. It is true that living conditions have declined and prices have come down, but in hard times prices always come down. There is not an individual merchant in Dixon who has been put out of business by the people of this vicinity and I charge that big business today has not only reached out across the counters, but has extended its grasp to the polling places throughout America."

In the program of sports events that were held during the afternoon, prizes were awarded as follows:

ITALIAN YOUTH IS DARE-DEVIL AT AERIAL SHOW

Performs All Stunts With His Plane Upside Down

Cleveland, Sept. 2.—(AP)—An Italian youth with a smile as big and wholesome as Lindbergh's is the stunting sensation of the national air races.

He is Lieut. Andrea Zotti, whose stunts begin, end, or are wholly made up of maneuvers with his plane upside down.

In his native country the 25-year-old Lieutenant, who has been flying for only four years, is commander of the Escadrille Foie, a squadron that specializes in inverted aerial acrobatics.

Taking off in normal fashion, he soon turns the wheels towards the sky and, hanging head downward, waves to the air race fans.

His skill makes the maneuver look simple but, in his own words, "the most difficult thing I do is to go around the field upside down."

Next hardest, he classed, is the inverted spin—one of the most dangerous maneuvers in aviation stunting.

The favorite with the crowd, however, is a verticle 'S'.

Alcohol's Effect In Disease Shown
New Haven, Conn., Sept. 2.—(AP)—Alcohol has been found beneficial in treating some diseases but injurious in others by Dr. Harold E. Himwich and Dr. Louis N. Nahum of the Yale Medical School.

Results of their study showing that alcohol increases the acidity of the blood to points formerly believed incompatible with life were made public today here and at Rome, where Dr. Himwich read a paper at the international congress of the federation of societies for experimental biology.

In diseases such as tetany, where the blood contains an abnormal amount of alkaline substances, the scientists determined the acidosis of alcohol acts as a neutralizing agent.

Small doses of alcohol were found to be helpful in treating diabetes, for they counteract the effects of partially oxidized fatty acids.

On the other hand, the research showed administration of alcohol to pneumonia patients delays recovery by increasing acidosis.

Nourishing Drinks For Daily Luncheon

Hot noons are very trying and special foods seem to be needed to tempt us. Children especially require extra care with particular emphasis on their diet. The nourishing drink that makes a complete meal when served with vegetable sandwiches solves the luncheon problem most satisfactorily and appetizingly.

Chocolate is usually a favorite flavor, so the recipes feature it; but any preferred flavor can be used. Fruit juices, spices, vanilla, almond, pistachio—in fact, anything you may fancy can be combined with milk to make a refreshing and nourishing drink. The syrup from preserves, jam or jelly adds more flavors to the list.

Milk and egg or milk alone is used with the chosen flavor. Powdered, condensed and evaporated milk can be used with as good results as if fresh milk were used. Keep in mind that no sugar will be necessary in the drink made with condensed milk.

Remember, too, that the drink made without egg is not as rich in food value as the one made with egg.

Chocolate Eggnog
1 egg
2 tablespoons chocolate syrup
2-3 cup milk
few grains salt
Put syrup, milk, egg and salt into a glass and beat thoroughly with a small dower beater. Serve at once.

It's a good plan to have all the ingredients as well as the glass thoroughly chilled before mixing. Ice should not be served in a milk drink and the drink should not be chilled after mixing because it does not improve on standing.

Chocolate Milk Shake
1 cup chilled milk
3 tablespoons chocolate syrup
1 tablespoon whipped cream
dash of cinnamon
Put syrup and milk into a glass and beat well. Top with whipped cream and sprinkle with a dash of cinnamon over the whipped cream if desired.

Orange Whip
This rule will serve two persons a fine drink.

1 egg
1-3 cups chilled milk
1 tablespoon sugar
1 orange,
few grains salt
Squeeze juice from orange and grate rind. Combine grated rind and juice and let stand while separating white from yolk of egg. Beat egg yolk with sugar and add strained juice. Beat well and add milk and salt. Mix thoroughly and fold in white of egg beaten until stiff. Be sure to chill orange and egg as well as milk.

Dixon Girl Graduates St. Anthony's

Mr. and Mrs. H. W. Taylor and Mr. and Mrs. H. L. Minnehan and two daughters of this city, motored to Rockford last evening where they attended the graduation exercises of the nurses training school of St. Anthony's hospital held at the Coliseum. The Dixon people were vitally interested because of the fact that Miss Grace Minnehan, daughter of the H. L. Minnehans, is a graduate of the nurses school at St. Anthony's.

M.W.A. Picnic Riverside Pk., Janesville

Janesville, Wis., Sept. 1—Modern Woodmen of southern Wisconsin and northern Illinois will gather at Riverside park here next Sunday for their annual picnic. A program is being arranged by Beloit camp, No. 348, which is in charge of the affair. The picnic originally was scheduled for last Sunday, but was postponed because of inclement weather.

Ill. Emergency Relief Commission Advises On Economic Diet

Thirty-five different cuts of meat, all of them low priced and of proven nutritional value, are available for the family which must keep its food budget down to the minimum, according to a study of dietetic problems made by the Illinois Emergency Relief Commission.

"This study was made in order to establish standards for use of state workers," throughout the state," said Wilfred S. Reynolds, executive secretary of the Commission. "The members of the Commission have been confronted with the problem of furnishing adequate diets to the families in need without increasing their expenditures. This study shows that the family on the relief list can enjoy substantial, well-balanced, and palatable meals at a very low cost."

In making its recommendations, the Commission says: "When money is scarce, prudent market- ing and skill in the preparation of meals are necessary in order not to jeopardize the health of the family. Diets must be adequate to maintain health, and growth in children, and to provide for an ample margin of safety in essential food elements."

The Commission recommends that milk be the foundation of every diet. It states however, that evaporated and dry milk are as nutritious as fresh milk, and that very often a savings can be affected by the use of one of these forms of milk.

Vegetables, says the Commission should be selected with a view to local market conditions. Very often dried fruit can be purchased more advantageously than fresh varieties.

Besides furnishing case workers with general recommendations on the basic constituents of diets, the Commission has prepared a model diet list showing the amounts of basic foods needed by families of various sizes.

Vallees Agree On Separation Terms

New York, Sept. 2.—(AP)—Hyman Bushel, attorney for both Rudy Vallee and Mrs. Fay Webb Vallee, announced today that the Vallees had concluded a formal agreement of separation.

"Mr. and Mrs. Vallee have concluded a formal agreement of separation," he said. "and have adjusted without the unnecessary unpleasantness frequently attendant upon a situation of that kind and to their mutual satisfaction their future right and obligations. As a lawyer I am not at liberty to disclose the terms of their agreement, and although I do not say that no such course will be adopted, no proceedings have been instituted to bring about a complete dissolution of their marriage."

METHODIST CHURCH

Gilbert Stansell, pastor

10:45—Public worship and sermon by the pastor. The adult choir will be back in service tomorrow and it will be a joy to welcome them.

9:45—The church school opens in all departments. The school has had a remarkable summer and has been making plans for an unusual year, expecting to reach an average attendance of 500. All teachers are on the job and a hearty welcome awaits everyone.

The 7:30 evening service promises to be very interesting. A group of Epworth Leaguers are speaking on various phases of the general theme "What My Church Means to Me." Dr. Eugene Vest

will close the evening with a brief message. He goes to his new position as professor of English at Dakota Wesleyan University this week with the blessings of the Dixon church and his many friends in the community.

Wednesday evening at 7:30 will be the opening service of the mid-week services of the year. The sponsors for the attendance this week will be the Ladies Aid—Mrs. G. P. Powell, president; Mrs. Clara Shawger, leader of Circle One; Mrs. Reilly Shult, leader of Circle Two; Mrs. W. H. Brewster, leader of Circle Three, and Mrs. A. N. Richardsen, leader of Circle Four.

Next Wednesday evening the entire church school will be in charge of attendance.

September 21 the three Missionary societies will have charge of attendance. The 28th the Epworth League and young people's classes will have charge. This innovation was formulated at the day at the meeting of the pastor's cabinet. And it is believed that great results will follow.

A 1932 HERO.

Add to the list of unsung heroes the name of Motorman William Lang, a gray-haired veteran of the gleaming rails who for the past 33 years has been employed by an electric interurban line operating between Cleveland and Toledo.

Maybe you read the story of what he did, and maybe you didn't—for such items have a habit of getting buried in the mass of daily news about revolutions in some far-off country, endurance flyers, channel swimmers and things like that. Therefore, we'll refresh your memory as to what Motorman Lang did:

The fast Cleveland-Toledo limited, which Motorman Lang was piloting, rounded a curve at 55 miles an hour near Lorain, Ohio. In the middle of the track, with the onrushing electric car bearing down on it, Lang saw a small child. Leila Smith, 2 years old, had toddled away from her nearby home and chosen the track as a nice place to play with her dolly.

Instantly, Lang slapped on his air brakes, gave sand to the grinding wheels, threw the motor into reverse. But, as he realized, even that wasn't enough to stop the heavy interurban car in time.

Lang left the cab of his speeding car and climbed out on front. Clinging with one hand, he reached down with the other. Two baby arms raised above a terrified child's face, reached up to him. He grasped the child and snatched her into his arms, held her there safely until the big interurban car finally came to a stop a hundred feet further on. . . . Leila was unconscious from the shock of the impact but she was alive.

The world will forget, as the world has a habit of doing, the name of William Lang . . . but for little Leila Smith, if she lives to be 100, no story-book hero can ever take the place of William Lang, who risked his life to save her.

THE LOTTERY EVIL.

One of the most amazing stories of the year came out of Washington recently when Solicitor Horace J. Donnelly of the Postoffice Department stated that the department has kept nearly one billion dollars from leaving the United States in the last two years by confiscating fake foreign lottery tickets in the mails.

Of course, the Postoffice Department hasn't been perfect; thousands of such letters have gotten through and millions of dollars have been sent away, chiefly for the benefit of some fake promoter, stuck away in some remote country.

Not since the days when the Louisiana lottery operated in full swing has the craze for gambling via the lottery been greater, Donnelly says. And the least understandable part of it is that most purchasers of lottery tickets haven't the slightest idea whether the lottery in which they invest is a genuine gambling scheme or a fraud.

Too often, on investigation, the latter proves to be the case. The slick promoter merely sits back, pockets the money as it rolls in, and laughs up his sleeve at the saps who enrich him. "Grand prizes" so lavishly pictured in lottery literature, exist only for the promoter.

For the man with a dollar, or two dollars, to throw away, the lottery ticket offers just about the lowest possible chance of return. His money would be better spent if he used it to light a cigaret. That, at least, would save him the cost of postage.

THE PRUSSIAN CHOPPING BLOCK.

Five of Adolf Hitler's storm troopers were sentenced to be beheaded for their part in the recent political terrorism in Germany. Beheaded—yes, that's right.

For Prussia still clings to the ancient medieval custom of the ax and the chopping block for the execution of its traitors and murderers.

Defenders of that method claim that it is the most merciful one, despite its antiquity . . . but to the average American, at least, the executioner's ax is an instrument of torture rather than an implement of justice.

From this distance, it does seem that Germans could devise some better means of taking the lives of condemned men than this grisly method.

It cost me about \$65 for gasoline on the trip over. Being a Scotchman, I have concluded that going back by plane is cheapest.—Captain J. A. Mollison, after making first solo flight westward across the North Atlantic.

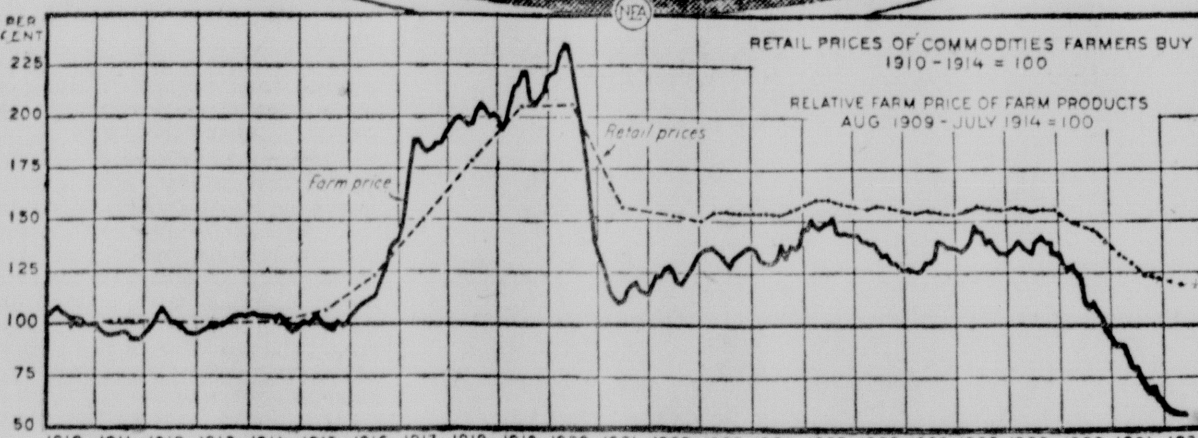

Nowadays women prefer fashion to children, for large families are inimical to the slim figure.—Dr. J. Sanders, eugenist, of Rotterdam, Holland.

When it is so easy to get money out the federal treasury, why does anyone go into legitimate business?—Congressman Michael J. Hart of Michigan.

Among the similarities to themselves that men have discovered with some surprise is the fact that women enjoy a good, stiff fight.—Miss Anne Morgan of the New York banking family.

Concluding: What This Farm Strike Is All About—No. 5

FARMERS TALK BOYCOTT OF ALL OPPONENTS

WHY THE FARMERS WENT ON STRIKE—This graphic chart, prepared by the U. S. Department of Agriculture, shows how the price the farmer receives for his products has fallen far below the price of the things he has to buy. The heavy line indicates the price of what the farmer sells, the broken line the price of what he buys. Such conditions led to mass meetings of farmers like the one shown above photographed near Dakota City, Neb.

This is the last story in a series of five by Bruce Catton, staff writer for NEA Service and Evening Telegraph who was sent to the midwest corn belt to find out what the farm strike is all about.

Then every farmer in this strike would boycott the bank, the lawyer and everyone connected with the bringing of the foreclosure proceedings.

The same thing would apply to any other creditor who got unduly impatient.

There is no question but that the farmers are aroused. In talking with them I heard, over and over again, the expression, "Well, we haven't got anything to lose, so—". Regardless of the outcome, the strike is a symptom of a profound unrest. The farmers have got to the point where they want to raise hell instead of corn.

A Sioux City business man the other day remarked that the strike was largely the work of radicals. "None of the established, conservative prosperous farmers are in on it," he said.

The man he was talking to, another Sioux City business man, replied: "The only trouble is that there aren't any established, conservative, prosperous farmers left around here any more."

A closeup picture of the financial problems of the farmers was given me by George Ashford, president of the Security State Bank in the little town of Homer, Neb., which is near here.

Ashford can tell you about the grievances of the farmers as a class. Sitting in his office in Homer he has been watching a steady decline in agriculture for years, and it has made him profoundly discouraged.

"But conditions are bad—so bad they could hardly be any worse. Here's an example:

"There's a man near here who has rented some farm land from me. He's renting it at \$7.50 an acre, and he has 50 acres of barley. He's getting about 30 bushels to the acre, and barley right now is selling for 15 cents a bushel. Figure it out. His income will be just \$4.50 an acre. And, by the way, the taxes on that land run around \$2.25 an acre.

"All right, he can't pay. So we

do the usual thing; I arrange to take two-fifths of his crop instead of rent money. So I get 12 bushels of barley per acre—\$1.80. Now suppose I had a mortgage on that land. Where'd I be?

"The other night at one of our meetings a man got up to make a speech about the farm strike, and he was actually in tears. That man reclaimed 2000 acres of swamp land and turned it into first rate farm land. He had faith in agriculture. He had faith in America. He gave his life for that land—got up at 4 in the morning and worked until 8 at night, every day, to turn it into a good farm, and they're foreclosing on him today."

News of the government's recommended 60-day moratorium on foreclosures was received with pleasure here, but it brought little real hope, since the corn belt's trouble is too deep to be cured in 60 days.

Ashford is not sure just what the farm strike is going to lead to. In some ways it dismays him. But he couldn't see anything else to do. He says neither the state nor Federal government has kept its promises to the farmers.

"I've lived here all my life, and I have never seen anything bordering on anarchy," he says. "But the other night I went down the road and I saw 500 or so of the best farmers in this country taking the law into their own hands."

"Now, that isn't the thing to do. But look. Suppose a man comes into my office here and start abusing me and calling me a well, a name no man'd stand for. It won't be the thing for me to do, but I'll get up and fight him."

"That's the way it is with these farmers. They've been forced to fight."

DANCING HORSES

Miss Marion Shuford, pictured above on "Kentucky Lass," one of the thirty dancing thoroughbreds coming with Downie Bros. Circus when the big show gives two performances on the Scholl Base Ball Park circus lot Monday.

Thirty of the blue grass state's most perfect thoroughbreds were selected to present this 1932 circus innovation offered by Manager Charles Sparks as an added attraction. In order to pick these horses it was necessary for trainer Merritt Belew to try some 200 horses before the required thirty were picked.

Miss Shuford with her sterling steed offers a special dance number that is entirely new.

There are over 500 performers included in the cast of the circus program and some of the outstanding names in circuses are among them. The Hanneford Family, famous bare back riders; the famous Morales Family from Mexico and a personal appearance as each performance of Buck Owens, cowboy star of the movies, with his Hollywood assembly of western stars.

The street parade will leave the circus lot at 11:45 A. M., and Downie Bros. circus is said to be the largest circus in the world that still retains this feature.

GERMANS IN RETREAT

On Sept. 2, 1918, British and Canadian troops carried the Quaint-Drocourt "switch" line in a sudden assault, taking several villages in their advance of four miles on a seven-mile front.

German forces continued to retreat toward the Hindenburg line, which had already been reached in a few scattered sections. Their retreat from the Lys salient was accomplished under severe artillery fire from British guns.

American forces north of Soissons encountered sharp resistance, but succeeded in taking Tervyn-Sorny and in reaching the Soissons-St. Quentin highway.

The U. S. steamer Onega was sunk by a submarine. Twenty-six members of the crew were lost.

SENATORS HAVE CHANCE TO TAKE YANKEE SERIES

Johnson's Team Is Tied With McCarthymen For The Season

By HERBERT W. BARKER
Associated Press Sports Writer

To the Washington Senators may fall the honor of being the only club in the circuit able to take the season's series from the New York Yankees, heretofore to the American League throne.

The Yankees already have clinched the 22-game series with Cleveland, Detroit, St. Louis, Chicago and Boston and can get no worse than a tie with the Philadelphia Athletics. But with 20 games already in the records, they have gained no better than a draw with Washington at 10 victories apiece.

Single games today and tomorrow will close the season's competition between the two clubs and give the Senators a chance to win the series.

The Yankees are almost certain of winning the series from the Athletics. They have won 11 of the 18 games so far played and need only one more victory in the four games remaining to gain a decisive edge over the 1931 champions. Their record against the other clubs is: Cleveland, 13 victories and 6 defeats; Detroit, 14 and 3; St. Louis, 14 and 5; Chicago, 15 and 4; Boston, 14 and 4.

Senators Win Tenth

Washington won its tenth decision over the Yankees yesterday, 6-2, and came within two put outs of becoming the first team to blank Joe McCarthy's sluggers this year. Alvin Crowder gave up only five hits until one was out in the ninth. Then he handed walks to Ben Chapman and Lyn Lary. A pinch single by Charley Ruffing sent one run over and a fielder's choice accounted for the other. The Senators meanwhile had hit Herb Pennock and Ed Wells at opportune moments, a triple by Joe Cronin and a home run by Ossie Bluege accounting for four of their runs in the third and seventh frames.

In the only other game played in the major leagues, the Athletics nosed out the Detroit Tigers, 5-4. Al Simmons and Bing Miller clouted home runs off Tom Bridges in the sixth frame, each time with a man on base, to provide the winning margin.

DAYTON PAPER TELLS OF HOW SHEFFIELD WON

Journal Of Ohio City Praises Dixonite's Marksmanship

Accompanying a fine three column picture of Arthur E. Sheffield of this city, winner of the Grand American trapshooting handicap at Vandalia, Ohio, Aug. 26, the Dayton, Ohio Journal had the following story of his victory:

Vandalia, O., — A Dixon, Illinois, man, Arthur E. Sheffield, who works for Uncle Sam, as railway postal clerk, overcame the hazards of wind and rain today to win the Grand American Handicap, trapshooting's richest prize and feature event of the thirty-third annual Grand American tournament.

Shooting from 21 yards, Sheffield broke 98 of a possible hundred targets to finish ahead of a field of 72 entrants.

No Shoot-Off

And he won without the necessity of a shoot-off, marking the first time since 1928, when Ike Andrews of Sparta, N. C., took the prize, that the winner wasn't decided in extra targets.

There is nothing of the spectacular in the make-up of the new 'king of the traps.' He's just another trapshooter who finds diversion in hitting the clay birds when he isn't sorting mail for the government.

But today he proved to be the best shot in the field and he found the goal that every marksman dreams of but few ever actually reach.

This was Sheffield's fourth Grand American tournament. He attended his first at Springfield, Ill. in 1912, the year he took up the clay bird sport. He also was present when the first Grand American tournament was held in Dayton at the National Cash Register Gun club in 1913. Since that date he has not attended the annual classic until last year.

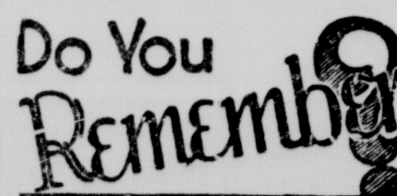

Tired of Game

In 1917 Sheffield tired of the game and didn't touch a gun until 1929, when his interest in the sport was re-born and he began to take part in various shoots in Illinois and neighboring states. Last year he won his first title, the Illinois state handicap championship.

Thursday in the preliminary handicap the new champion scored 96 indicating that his sights were tuned for the more important event today. He broke 48 targets before missing his first shot and then didn't miss again until his ninety-third shot. Several times scores of 97 had been posted on the board before Sheffield finished so he went into his final event of 25 with the knowledge that he could afford to drop only one bird. And with a large crowd watching his every move the Dixon postman proved equal to the task that confronted him and blazed his way to victory.

Is 42 Years Old

Sheffield is 42 years old, is married and has a daughter, Lois who is 14. Both Lois and Mrs. Sheffield were here today to watch "Dad" capture the championship that is worth nearly \$2,000 in actual cash.

By WILLIAM BRAUCHER

In the last few years it has become noticeable that the leading exponents of that ancient Scottish pastime of golf in America are not the Scotch. Some of the names of the winners of important tournaments have given headline writers permanent headaches.

Looking over the results of a caddy's tournament at the old Belleclair Golf Club at Bayside, L. I. the other day, this correspondent was smitten suddenly by one of the reasons why young men with foreign-sounding names are becoming the lords of the links.

AND WHO'S THAT DUTCHMAN?

The tournament was won by a 16-year-old boy named Frank Saraceni, with a score of 145. Next in line was Louis Barbo, with 148. A glance down the list of 30 or more names of caddies in the tournament disclosed the following monikers:

Frampion, Matuzo, Guarieri, Marzolla, Garchio, Petrone, Bukovec, Ciampaglio, Touchinadi, Riccio, Rogier, Celo, Conte, Krenza, Passella, Pentenore, Pezzella, Testa, Mazzullo, Capiallo, Manzono and Van Houten.

Two young men in the tournament named McCarthy and Hennessy must have felt a bit lonely.

ANOTHER SARACENI?

Such names as Matuzo, Guarieri, Riccio, Ciampaglio, suggests at once the name of Saraceni, another young man who was a caddy in the metropolitan area some 15 years ago. The full name is Eugenio Saraceni, who is, as you probably have guessed, Gene Saraceni.

Among these caddies may be the man who, in 15 years, will rule the game of golf. But by that time, "Saraceni" may have become "Strack" and young "Guarieri" may be known as Mr. "Guardi."

Saraceni is the son of Italian immigrants who had been in America only a year before his

DIXON BOXERS SPLIT EVEN IN THURSDAY CARD

Weekly Open Air Ring Show At The Maples Drew Small Crowd

Thursday's small attendance at the Maples ring show were well pleased with the six bouts on the program. Dixon boys split 50-50 in their appearances with Billy Davis and George Carlson winning and Ed Carlson and Clark Roush seeing the decision go to their Peoria opponents.

In the main affair Bill Davis won the decision over Cliff McKee of Peoria. Davis started the action early in the opening round rushing McKee all over the enclosure. The Peoria boy seemed to be more alive in the second, exchanging punches toe to toe with the Dixonite. The third round was a wild flurry of haymakers, none of which accomplished any serious damage. Davis still had the best of it and was given the decision.

Scurvy Scanvino of Marseilles added a Golden Gloves district champion to his credit when he trimmed Al de Shepherd of the Swedish-American gym club in Rockford. Both boys have plenty of experience and fought cautiously. Scanvino was the smaller of the two but showed viciousness in every punch he tossed. Neither fighter appeared injured at the end and

TO BROADCAST RACE OF SPEED BOATS TOMORROW

But Fans Must Crawl Out Early If They Hear The Event

Detroit, Sept. 2.—(AP)—The two fleetest hydroplanes afloat were receiving their final grooming today for the renewal of the Harmsworth Trophy race shortly after sunrise tomorrow.

Kaye Don, British challenger for the symbol of speedboat supremacy in the world, will last minute adjustments were made to Miss England III, holder of the world record of 119.8 miles an hour and the craft with which Don hopes to take the trophy "back home."

Gar Wood who has weathered six previous challenges since he brought the plaque to America in 1920, hoped to make his first run over the new Lake St. Clair course with Miss America X during the day. He has made two dashes over the old Detroit river course, but a combination of circumstances has kept him from trying out the course on which he must defend his laurels.

No one doubts that, barring misfortune, the Harmsworth record of 89.93 miles per hour established in the first heat last year by Don in Miss England II, will be shattered by the speedier boats, racing over a faster course.

To Broadcast Race

The race will be broadcast to the United States and Europe tomorrow morning from an amphibian plane flying 500 feet above the speeding hydroplanes.

Trans-American Airlines, Inc., which has arranged the broadcast, announced today that permission had been granted by the U. S. Department of Commerce for this, the first aerial broadcast of a Harmsworth race.

The broadcast will be picked up by the Detroit stations WJR and WJW and re-broadcast over the National Broadcasting Corp. chain, with an international short-wave pick-up with England, France and other European countries.

A preliminary broadcast will be made at 3 P. M. today. The race is at 6:30 A. M.

Smithy Says He Brought Victory

Hammond, Ind., Sept. 1.—(AP)—Alburt Hurgers, a Hammond blacksmith, claims credit for yesterday's tenth-inning victory of the Chicago Cubs over the New York Giants.

Burgers loaded 350 horseshoes in to his automobile, drove to Chicago and parked the car outside Wrigley Field. They he entered the ball park and watched the Cubs score five runs in the tenth inning to win.

Three previous trips without horseshoes were marked by three defeats to the Cubs. Burgers said he would save them for the world series.

German Decree Is Blow To Americans

Berlin, Sept. 1.—(AP)—American office equipment companies with investments in Germany totalling 44,000,000 marks (approximately \$11,000,000) will be virtually under the terms of an emergency decree scheduled to go into effect Sept. 6, it was disclosed today.

It doubles the tariff on typewriters, calculating machines and typewriter parts, levying a duty as high as 1,000 marks for machines with bookkeeping attachments.

American firms with assembling plants and distributing systems in this country employ 6,000 Germans.

PLANES SAFE NOW

New York—In comparison with automobiles, airplanes are much more safe than motor travel on land. It is revealed that a passenger may travel the equivalent of 100 times around the world on the average before becoming involved in a fatal plane accident, according to accident figures.

Roosevelt read in silence Walker's

(Continued From Page 1)

which dug up the material on which the unfitness charges were based, came this statement:

"The charges against the Mayor were fully proved and corroborated in many instances by documentary evidence which was undisputed, and by the admissions of the Mayor."

"Confession" Says Seabury

"The Mayor's resignation in the face of this record is equivalent to a confession of guilt."

"No intelligent person will be misled by the Mayor's attempt to substitute for a defense an assault upon the good faith and the motives of the legally constituted authority to review his acts while in office."

"It is highly significant that this excuse is availed of by the Mayor on the eve of the Governor's inquiry into the relations between the Mayor and his fugitive agent, Sherwood."

Seabury has charged that Russell T. Sherwood, accountant, handled nearly a million dollars in transactions for the Mayor before vanishing. Walker denies the charges.

Is Pale and Ill

The Mayor, who has become pale and ill, spent part of his last day in office at the funeral of his brother, George F. Walker, in St. Patrick's cathedral. His frail shoulders shook and tears streamed down his cheeks. He was no longer the chipper, gay youth of 51 that New York and a large part of the world knew.

After the funeral he dropped from sight for hours, while rumors that he would resign flew. At 10 P. M. he returned to the Mayor's House, where he lives, telling reporters he felt "great."

"Get down to the city hall," he told reporters with a laugh. "There is a statement waiting there for you."

Half an hour later City Clerk Michael P. Cruise announced the Mayor's resignation. Walker had submitted it after conferences with political leaders reported to include John F. Curry, leader of Tammany Hall, and John H. McCooey, Democratic leader in Brooklyn.

The Mayor's chief counsel, John J. Curtin, who battled for him before Governor Roosevelt, had written him a formal letter in which he said there were two courses open to him:

1. "To continue to submit to the illegal and unfair proceedings before the Governor, in which may eventually an illegal order of removal which would be void from its entry."

2. "To submit your case to the people of the City of New York, who, after all, are the ones most concerned."

Walker chose the latter course, declaring he was "submitting my case to the people who made me Mayor, the people of the City of New York."

"Shall I permit myself to be lynched to satisfy prejudice or political ambition?" he asked.

He called the proceedings at Albany "a travesty, mock trial, a proceeding in comparison to which even the practice of a drum-head court martial seemed liberal."

Walker, who became the city's Chief Executive in 1925 after a career as song writer, lawyer, Assemblyman and Democratic leader of the State Senate, is the first Mayor of New York to resign under charges.

McKee, who succeeded him, has been called the handsomest and most scholarly of all city officials. He is 43 years old, a lawyer and graduate of Fordham University with the degrees of A. B., A. M., LL. B. and LL. D. He has been an instructor in Latin, Greek, and literature, a reporter, an Assemblyman, and a City Court Justice. A resident of the Bronx he is a friend of Secretary of State Edward J. Flynn, one of Governor Roosevelt's strongest political supporters.

Word of Walker's sudden withdrawal from office reached the Governor last night as he sat in the Executive Mansion, mapping with his advisors his latest presidential campaign plans. Today Roosevelt was to have presided at the Capitol over the thirteenth day's session in his hearing of ouster charges against Walker.

Read in Silence

Roosevelt read in silence Walker's

er's denunciation of his hearing at Albany, which the Mayor termed "a travesty, a mock trial, a proceeding in comparison to which even the practice of a drum-head court martial seemed liberal."

Walker's statement, accompanying his brief letter of resignation to Michael J. Cruise, New York City Clerk, accused Roosevelt of bias, and said: "I do not believe that in this day and age any man in this country would assert the right to act above the law."

The Governor said he had "nothing at all to say."

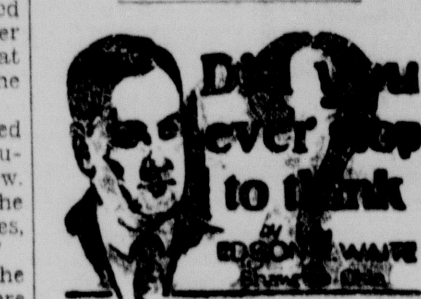

For Roosevelt, the resignation meant the termination of a highly complicated judicial case which in the last three weeks has required much of his time to the exclusion at times of state business and his presidential campaign.

Started in 1931

The Walker case had its inception in the state Capital where W. Kingsland Macy, young state Republican chairman, induced the 1931 legislature to pass a resolution for an investigation of the government of New York City. Governor Roosevelt had no power to pass on the resolution, but approved an initial \$500,000 appropriation on the ground that if the legislature wished an investigation it was not in his province to deny the money.

Democratic opponents of the investigation from the start contended it was purely a political maneuver. But when Walker sought at the hearing, which began three weeks ago, to describe the motive back of the inquiry, he was overruled by the Governor.

"I'm dealing here with charges," the Governor said. "The motives are, in my judgment, wholly irrelevant."

THAT REAL citizens are judged by what they do. Chronic knockers should be judged by the same standard.

Real citizens prove their worth by generous and voluntary contributions of their time, energy and money to those things that go to make a bigger, better and busier city.

Every real citizen is one of the cogs in the Wheel of Progress.

Those who are not real citizens are unfair to themselves and unfair to the city in which they live.

Knockers should remember that no matter how much they kick and growl, the world moves on the same. Being a chronic fault-finder never gets a man anywhere.

Citizens must pull together, and pull in the same direction, in order to get a city somewhere. No city pulls itself.

Interest in the betterment of a city is kept alive only by constant and ever increasing effort on the part of its REAL citizens to render a useful service.

HERE'S WHY HILLS BROS BANISHED "BATCH-AND-BULK" METHODS OF ROASTING COFFEE...

Unavoidable flavor variations in bulk roasting led Hills Bros to invent Controlled Roasting
Patented process roasts "a little at a time" ... produces same exquisite flavor in every pound

As the accuracy of the hour-glass depends upon an even, continuous flow ... a little at a time

Imagine roasting several hundred pounds of coffee at a time, and roasting every berry alike. And imagine duplicating the roast in each batch. It can't be done! Every batch usually varies — and so does the flavor.

Hills Bros. replaced that ordinary method with their own invention and patent — Controlled Roasting. Hills Bros. Coffee flows through the roasters evenly, continuously ... a little at a time.

Variation is unheard of! Each berry is done to a perfect degree. Every time you make Hills Bros. Coffee, you know what flavor

to expect ... the smoothest, richest flavor of the rare coffees!

Hills Bros. Coffee is packed in vacuum cans, and can't go stale. The vacuum process of packing coffee is the only method that fully preserves coffee freshness — the air is removed from the can and kept out. It was originated by Hills Bros. over thirty years ago. There is no magic about a vacuum can — it will not make poor coffee good, but it will keep good coffee fresh.

Order Hills Bros. Coffee by name, and look for the Arab trade-mark on the can.

Of Soldiers' Home**

Danville, Ill., Sept. 1.—(AP)—Two men driving a car with a Missouri license held up the storekeeper at the Soldiers' Home today and took \$5,000 just withdrawn from the bank.

Waldo J. Graf, the storekeeper, and William Hamilton were on their way from the bank to the veterans' home with money to cash employees' checks and compensation checks when the robbers drove up. One covered them with a sub-machine gun while the other grabbed the money, all cash and currency.

They drove a Chevrolet coach bearing a 1932 Missouri license number 60-395.

"I'm a little worried about him. He's figuring out how he could fly around the world in four days."

— THIS CURIOUS WORLD —

IN AFRICA

THE CUSTOM OF STRETCHING THE LIPS WITH WOODEN DISCS WAS BEGUN IN ORDER TO RENDER THE WOMEN VALUELESS TO OLD ARAB SLAVE TRADERS! THE DISFIGUREMENT HAS COME TO BE CONSIDERED A MARK OF BEAUTY BUT THE FRENCH GOVERNMENT NOW FORBIDS THE PRACTICE.

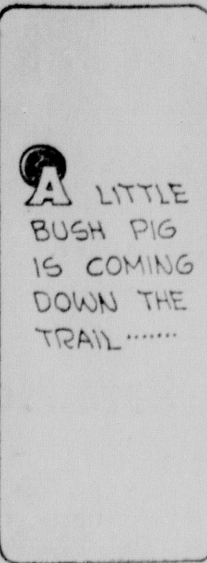

ELEPHANTS

ARE SURPRISINGLY AGILE. THEIR TRACKS HAVE BEEN FOUND ON THE SUMMIT OF ADAM'S PEAK IN CEYLON, A PEAK THAT IS DIFFICULT FOR HUMANS TO CLIMB.

THERE IS \$28,000,000,000,000 WORTH OF GOLD IN THE OCEAN... BUT IT WOULD COST FIFTY DOLLARS TO GET EACH ONE DOLLAR'S WORTH OF IT.

The women of the Ubangi tribes of Africa start their lip mutilation by inserting a small peg through the lip from time to time the size of the peg is increased until, finally, a disc the size of a large saucer can be worn comfortably. So long as the face muscles of the wearer are strong, the plates will stand out at right angles to the face, but as a woman grows old and her face muscles weaken, the lip plates hang down.

NOTICE TO CONTRACTORS.

Culvert Construction.

Scaled proposals will be received by the Lee County Road and Bridge Committee and the Ogle County Road and Bridge Committee, for the construction of a box culvert at the office of the County Superintendent of Highways, Lee County, at Dixon, Illinois, at 9 o'clock A. M. Tuesday, September 13th, 1932, and then publicly opened and read.

The work consists of the excavating, constructing and backfilling of a box culvert, State Standard No. 619, 3-foot span, 5-foot clearance and 24-foot headwalls and is located one and one-half (1½) miles east of State Bond Issue Route No. 6 on the County Line in Ashton Township. Said culvert contains 32.8 cubic yards concrete and 3456 pounds of steel.

Proposals must be made on blanks furnished by the County Superintendent of Highways, Fred W. Leake, of Lee County and must be accompanied by a bank cashier's check or cash for one hundred dollars (\$100), said check to be made payable to L. D. Hemenway, Chairman of the Lee County Road and Bridge Committee.

A surety or personal bond equal to the full amount of the contract must be furnished and deposited with the Board and either a surety or personal bond shall be subject to the approval of the Road and Bridge Committees of Lee and Ogle Counties, and the County Superintendent of Highways of Lee and Ogle Counties.

The successful bidder will be required to employ local labor as far as practical, however, said contractor will be allowed to employ foreign and superintendents outside of Lee County.

Plans and specifications may be seen at the office of the County Superintendent of Highways at Dixon, Illinois.

Lee County and Ogle County reserve the right to reject any or all bids for any reason they deem sufficient.

MONA TOWNSEND, beautiful young widow, inherits her husband's millions with the provision that she must not rewed. Her marriage, arranged by her husband's lawyer, who was Mona's employer, was a strange affair, leaving her free at the end of a year to become her husband's wife in actuality or secure a divorce.

MONA, in love with Townsend's nephew, HARRY TOWNSEND, agreed to the marriage when she thought Harry was lost to her.

She employs LOTTIE CARR, a fashion model, as her secretary-companion and they set out for South America, where Harry and STEVE SACCARRELLI are partners in a diamond mine. Her brother, BUD, works at the mine. Mona hopes for a reconciliation with Harry. She also feels Harry is entitled to a share of his uncle's fortune and wants to find a way to arrange this legally.

Learning that Harry and Steve are on vacation at Holiday Island the girls leave their boat at Port of Spain. There, quite by accident, they meet Bud. He agrees to take them to Holiday Island next day. Mona, alone, drives to San Fernando. She sees Bud there in conference with a stranger.

NOW GO ON WITH THE STORY CHAPTER XXXIX

BUD faced Mona in amazement. It was clear his surprise held dismay as well.

Instantly Mona was alert. Was Bud selling those diamonds? Was the man whose quick movement had concealed the gems at her entrance buying them? Had Bud the right to sell them, and if so, why was the transaction in this out-of-the-way spot?

"Mona, I didn't dream you'd come here!"

The girl laughed uneasily. "Oh, I was just seeing the sights." She waved her hand toward the tables.

"My chauffeur brought me here for tea. It's delightful, isn't it?"

"I'll order for you." Bud summoned the maitre d'hotel, who took the order and swiftly bowed himself away.

Mona sat in a large rattan chaise longue at the railing of the open room overlooking a broad expanse of green and riotous color, discovered her own conveyance except her own. How had Bud come?

"Don't let me interrupt your business," she urged.

Bud laughed and instantly the girl knew that her first conclusion had been erroneous. There was no

guilt on Bud's face, only a look of amusement.

"Well," he said, "you've certainly caught me!" He took up the white cloth and the gems glittered. "You see," Bud explained, "I sold these for the firm to Mr. Horton here. Mr. Horton, my sister, Mrs. Townsend."

The stranger bowed. "And now the young man is buying the finest of them back again," he said. "He tells me he's buying it for his mother but I am wondering! Young men don't usually buy diamonds for their mothers—"

"I thought she'd like a diamond I'd had something to do with," Bud told Mona, with a half-smile. "She's never had a diamond, has she?"

He was so obviously concerned at this oversight on the part of Ma's affectionate children that Mona smiled.

"I guess," Bud went on, "you've given her everything else, though." Mona shook her head. "I completely forgot diamonds."

"THEY all laughed. "Then it's settled," Bud said comfortably as they sat drinking their tea. His purchase was tied in his handkerchief and stuffed into his wallet.

"I'll have it set at Port of Spain." "You'll drive back with me, Bud?" Mona asked.

"I was thinking of the train but that will be great."

They took leave of Mr. Horton and presently were speeding toward Port of Spain. "I'd like to do something for you too, Mona," Bud said gruffly

HOME-COMING AT PAW PAW IS ON THE HOLIDAY

Village Planning For Big
Time All Day On
Labor Day

Paw Paw—Monday, Labor Day, occurs once more as Paw Paw's great annual Homecoming event. As in the past Gibbs grove will be the scene of the festivities.

The forenoon ball game which will begin at 9:30 promises to be the equal of any afternoon game of recent years. The Earlville Rangers, recently reorganized, is a strong aggregation. They are now playing real ball and will come primed for a hard battle. They will get just that sort of competition from the Paw Paw Independents, who have also been doing very well on the diamond.

When the ball game ends the boys' and girls' races will begin and will be pulled off as rapidly as possible.

Then will come a lull in activities with time for lunch. Family and group dinners will be spread under the trees, and an old fashioned picnic dinner will be enjoyed. Depressions may come and depressions may go, but the picnic dinner goes on forever.

The horse races which are always a welcome attraction will be staged at one o'clock. Pony races and slow mule races will add a bit of comedy.

Hon. George T. Liddell of Rockford, Judge of Winnebago county, will give the address of the day at 1:30. Judge Liddell made a friend out of every man and woman who heard him speak when he was here before the Community Club last winter. He has made an enviable name for himself both by his decisions on the bench and through his paper, the Rockford Journal. He will receive a warm welcome in Paw Paw on Labor Day.

Scarboro and Paw Paw teams of the Community League will cross bats at 3 o'clock. The unsatisfactory ending of the hard fought game on July Fourth still rankles in the minds of the players. Neutral umpires will referee the games both forenoon and afternoon, the Hyde brothers, Walter and Henry, being in charge.

Paw Paw's well trained band will be in evidence all afternoon dispensing sweet music before and after the address by Judge Liddell and during the game. In the evening between seven and eight they will give a concert on Main street.

This will be followed by an hour of amusing, interesting and entertaining stunts on Main street. Boxing bouts are being arranged, a ladies' summer kicking contest will amuse, summer resort of Lake Hattie and will relieve indigestion with laughter; specialty acts of several kinds will add to the interest of the day.

The close of the celebration will bring a big free pavement dance. Main street will be roped off, that those inclined to dance may be undisturbed. The committee in charge is hopeful that this may mark the close of Paw Paw's most successful Homecoming celebrations.

Ogle Co. Farm Bureau Affairs

Wednesday, September 7, is to be Farmers' Day at the Ogle County Fair. It is also to be Children's day and all school children will be admitted free, according to announcements made by the officers of the Fair Association.

The Farm Bureau has been asked to cooperate in the plans for Farmers' Day by securing a good speaker for the afternoon program. The Fair Association Board has agreed to place microphones on the platform and amplifiers in the amphitheater and the infield and at both sides of the platform so that everyone will have an opportunity to hear the speaker. The amphitheater is to be thrown open, free of charge, to everyone at 3 o'clock in the afternoon as soon as the regular races are over and free admission to the seats will be allowed for the farm program which will include music, the farm address and the farmers' horse race.

Farmers will find the address on Wednesday afternoon to be especially beneficial and of more practical bearing upon the important agricultural questions of the day than anything else in the fair program. The Farm Bureau is advising farmers of the County to make a special effort to attend the fair on Wednesday afternoon.

The Farm Bureau is contributing to the agricultural displays through the 4-H club exhibit. The entire north side of the cattle barn has been reserved for 4-H beef and dairy cattle and 26 pens in the hog barns have been reserved for the display of 4-H pigs.

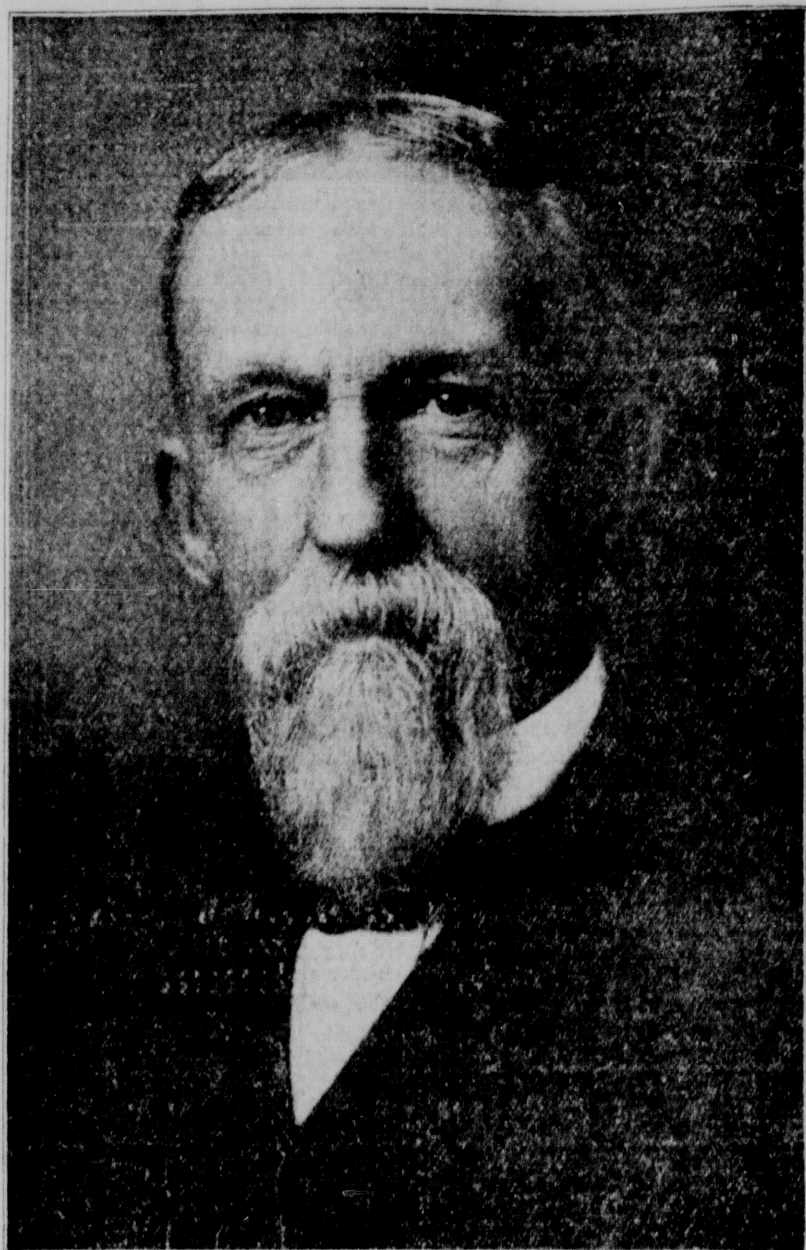

About 75 entries in the garment exhibit have been made by the 4-H club girls. All the 4-H exhibits will display a great deal of quality and care in preparation and will be much worth while for anyone to see. Ribbons will be placed early in the week and the prize winners can be distinguished on Wednesday.

Fifty per cent more votes were cast in the 1932 Texas Democratic governorship primary than on the question of prohibition repeal, submitted at the same time.

VETERAN DIXON MAN HONORED

CHARLES H. KEYS

Having arrived at the age of four score and ten years, Charles H. Keys, one of Dixon's best known citizens, Monday spent his anniversary quietly visiting with friends who called at his home, and re-counting pioneer days.

His wife and daughter, Mrs. Frank Ackert, assisted by his granddaughter, Miss Amy Luica Ackert, were hostesses at a birthday dinner at which Prof. L. B. Neighbour, Russell Leake, John Ford, Abram Ackert, Jarvis Leake, Peter Blackburn, Charles Cool and Rev. Gilbert Stansell, his pastor, were guests. In addition to these many old friends called during the afternoon.

Mr. Keys was born in East Princeton, Mass., Aug. 29, 1842, and came to Dixon Sept. 30, 1866, one of a company of eleven relatives and friends. He spent his first night at the Nachusa Tavern which is still a popular hotel here. Of the party of pioneers Mr. Keys and Mrs. Alice Anderson of North Dixon, are the two surviving.

About March 1, 1867, Mr. Keys purchased a photograph gallery from J. H. Crawford, which was located where the City National Bank now stands. In 1887 he started a furniture store which he and his son, Charles E. Keys, conducted for many years. Mr. Keys Sr. retiring in 1920.

Mr. Keys' son, Charles E., now resides in Whittier, California, and his daughter, Mrs. Frank Ackert, in Dixon. One daughter died in childhood, and another, Mrs. Robert Caughey, passed away about ten years ago. He also has nine grandchildren and four great-grandchildren.

On Sunday Mr. Keys was presented with a flora expression of esteem by the members of the Methodist Sunday school, he being one of its oldest members.

Mr. Keys has always been a progressive and active citizen. He served one term as alderman for the fourth ward and three terms for the first ward.

While president of the Dixon Merchants' Association, he was instrumental in promoting the early closing of stores, and the Keys-Ahrens Furniture Co. was the first firm to grant a weekly half holiday to its employees.

He was donor of the triangular park at the intersection of Dixon and Chicago avenues and Seventh street, which bears his name.

Mr. Keys was the recipient of expressions of good will and friendship from many friends at home and abroad, and the entire day proved a very happy one.

gorgement of the affected part with blood and the invasion of the tissue by white blood cells.

The structures in the inflamed area are subjected to pressure and to increased temperature or fever. It is thus that the sensory nerve endings in the region are irritated producing pain.

In a number of instances when the appendix is inflamed the pain may be very acute for a short while and then subside. This relief is not usually due to any improvement in the inflammatory process, but it rather due to the bursting of the abscessed appendix.

The cessation of pain in the bursting appendix is comparable to the cessation of pain in an opened boil. But there is an important difference.

In the case of a boil, say, on one's neck, opening it up allows the pus which contains bacteria and white blood cells to run off on the skin, where it may do very little damage.

In the case of a burst appendix, the pus involves the lining of the abdominal cavity, namely, the peritoneum, and gives rise to peritonitis, a serious complication.

The acute surgical belly which the patient may recognize by its pain and the anxiety
